ABOUT US

We manufacture playgrounds that are durable and require low maintenance.
Over the years, our range has expanded beyond playground products to include several product lines. Thus, through hundreds of successfully completed projects, we have participated not only in the production and design of public playgrounds but also fitness parks, agility parks, skate parks, and other outdoor areas. Our office and manufacturing workshop are located in Pécel, near Budapest, providing excellent logistical accessibility due to the proximity of the M0 motorway.

As a Hungarian manufacturer, FABERLAND Ltd. has a unique specialization in bringing new products to life - first dreamed up by our professional design team and then brought to life in our production workshop. The public equipment we design and produce features high technical content, aesthetic appearance, and represents premium quality in every aspect.

Our R&D Department pays special attention to ensure that our playground designs meet not only professional, safety, and aesthetic requirements but also the needs of users. Accordingly, during the planning process, we consult with children through drawing competitions and with educators to understand age-specific needs and receive feedback on the products to be designed.

As a manufacturer of public area products, we constantly monitor current trends and evolve technical solutions to offer high-quality products to our clients. Our products comply with the current international standard requirements (EN 16630, EN1176,
and EN 14974) and are certified.

TEAM FABERLAND

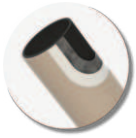

MATERIALS

UV RESISTANT

UV resistant, contour milled HDPE/HPL boards, withstanding mechanical impacts

POWDER PAINTED POST

Hot dip galvanized, electrostatic powder coated, PP plastic coated, anti-rust metal posts, structural elements.

ANTI-RUST, ANTI-VANDAL

Anti-rust slides, anti-vandal and anti-rust fasteners.

REINFORCED ROPES

Anti- vandal braided PP ropes, with steel strands reinforcement.

ANTI-SLIPPERY

Rubber covered, anti-slippery tread surfaces.
